All drawings, images and photography are for illustrative purposes only and should be used as a guide only. It is the customers responsibility to confirm working drawings and dimensions. Floor plans and sizes quoted are based on the standard façade and may vary depending on the façade chosen. Facades as standard are face brick from the nominated standard range with standard profile windows and roof tiling relevant to the specific façade design. Photographs used may depict items not supplied by Trend Connection Homes, such as furniture, window furnishings, landscaping, retaining walls, fencing, decorative landscaping items, water features, pergolas, pools, decks, outdoor fireplaces and barbeques. Images feature upgraded items - please talk to a sales consultant for detailed home pricing. Trend Connection Homes reserves the right to revise plans, specifications and prices without notice or obligation. All designs are subject to developer design review and CDC or council approval. Designs may vary from standard designs to suit estate requirements and lot sizes. Copyright: The plans, facades and images shown are the exclusive property of Trend Connection Homes and must not be used, reproduced or copied wholly in any way without permission. Why Build with Us?

Trend Connection Homes

Our Unique Difference

Launched in 2011 by Trend Connection Group, Trend Connection Homes has earned a reputation as one of Australia's most reputable and reliable home builders with over 300 years of combined building industry experience.

The Trend Connection Homes ethos is simple – deliver a fantastic customer experience to our clients through their building journey, and provide them with a beautiful, quality home at the finish line.

In the decade since its inception, Trend Connection Homes has been recognised for our outstanding design and construction dozens of times by the Housing Industry Association Awards. Along the way, we've also delivered affordable, quality homes to thousands of satisfied customers across the Sydney metropolitan area and its surrounds.

Up to \$25,000

Why Build With Us?

Completion Guarantee

We offer all of our customers a guaranteed completion date, so you can forward plan things like removalists and school enrolments. If this completion lapses even a single day over our guaranteed completion date, we'll pay you \$5,000 no matter if you are renting, own your own home or are living at home.

Price Lockdown

We provide a fixed price, not only on your base or package price, but all items in the contract for a period of 12 months or 3 months after the nominated forecast land registration date.

Fixed Price Contract

We assess each site's unique characteristics, as well as each home design individually, which enables us to provide our customers with an accurate price. While many builders will not reveal the final price of your home until they are on site, we look to be upfront and transparent with pricing, ensuring you can budget accordingly.

Customer Portal

Trend Connection Homes provides each customer with your own individual Customer Portal online account. This is your convenient go-to information and contact hub for all information and updates around the design and build of your new home. Here you are able to access all documents, receive progress updates, view regular construction photos, pre-select colours, view your key Trend Connection Homes contacts, and communicate with your dedicated Customer Service Office.

One-Stop Shop

Looking for a full turn-key package? You've come to the right place. At Trend Connection Homes we even offer our clients landscaping and fencing solutions. No more running around, having to deal with multiple contractors and obtain multiple quotes. We take care of everything, and make sure your new home is immaculately landscaped, on time and on budget.

Quality Assurance

We've created our 'Like Our Own' Quality Assurance Program, in which we treat your new home build as if it were our own, including fastidious checks and additional inclusions. This process goes well over and above the legally mandated practices. Our 'Like Our Own' Quality Assurance Program entails:

- Carrying out Independent inspections;
- Our roof tilers conduct a final inspection, prior to scaffolding being removed;
- Placing CCTV cameras down in ground drains;
- Flood testing bathroom, ensuite and balconies overnight;
- All showers have an additional secondary membrane applied after tile bedding is completed

Australian Family-Owned Business

With over 10 years in the building business we are proudly an Australian owned and operated business. We understand the need of families and we treat your project as we would our own build.

Build *with* Certainty.
